

TECHNICAL DATA

DME-LAN-002

Command module

Power supply (tension) 230V +/- 10%, 50Hz frequency

Installation DIN-rail (9 modules large)

Command system 4 x bus Domestia

Power consumption Maximum 3 W

Connecting terminal for supply power 1 x 2.5 mm²

Connecting terminal for RS485 (communication) 2 x 1.5 mm² or 1 x 2.5 mm²

Connecting terminal for RS485 (detector t°/l°) 2 x 1.5 mm² or 1 x 2.5 mm²

Connecting terminal for RS485 (DMX512 communication) 2 x 1.5 mm² or 1 x 2.5 mm²

Connecting terminal for bus Domestia and power source 16V (detector t°/l°) 2 x 1.5 mm² or 1 x 2.5 mm²

Ethernet Connector RJ45

Time-settings Astro

Protection Security for overheating or short-circuit

Pushbutton switches NO

Room temperature -10°C to +55°C

Maximum distance from the farthest pushbutton switch 300 m with the bus Domestia

Weight 335 g

CE marking This product complies with all applicable directives.
The EU Declaration of Conformity is available on www.domestia.be

Packaging 1 Unit
